

Tredway POOLS PLUS

Spa Care Guide

Start Up

- Insert *SunPurity* Cartridge into Brominator located on filter door.
- Add 2 oz. of *Stain and Scale Control* to spa.

After 24 hours

- After 24 hours rinse filter with a garden hose.
- Check and adjust PH*.
- Add 2 teaspoons of *Enhanced Shock* to spa.

Before Each Use

- Add 1/2 teaspoon of *Enhanced Shock* to spa.

Once a Week

- Add 2 teaspoon of *Enhanced Shock* to spa.
- Check and adjust PH*.
- Add 2 oz. of *Stain and Scale Control* to spa.

Every 4 months

- Drain and refill your spa.
- Replace *SunPurity* Cartridge; add 2 teaspoons of *Enhanced Shock*.
- Replace *Micro Clean* filter in Sundance 780 Series Spa

As Needed

- If water looks hazy, shock treat with 2 teaspoons of *Enhanced Shock*.

***Adjusting PH may take repeated treatments.**

***After initial start up, about 2 weeks later, it is quite possible that the spa may need drained and refilled.**

***All dosages based on 350 gallons.**
